TIPS & TECHNIQUES

HOMEMADE CITRUS CLEANER

Place citrus peels (orange, lemon or any other citrus fruit) in a container till nearly full. Add white vinegar enough to cover the peels. Replace the cover and make sure you've sealed it. Let it sit for two weeks.

After two weeks, strain out the peels. The yellowish liquid is your own handmade citrus cleaner (it has di-limonene, a good degreasing solvent). You can add water to dilute it as needed. Use in a spray bottle and use! *(From ApartmentTherapy.com)*

TOOTHPASTE REMOVES MARKER ARTWORK

Before you break out the paint brush to remove marker "artwork" (from Crayola-type kids' markers as well as felt-tip pens and ballpoint pens, try squeezing some toothpaste on a rag and wipe on the wall to make doodles disappear. *(Tip of the hat to This Old House)*
