

It's Yellow Jacket Season!

With summer winding down, yellow jackets are getting really ornery and stinging anyone that gets in their way.

The **Wasp, Hornet & Yellow Jacket Killer** is a commercial formula that takes care of these pests on contact. It even reaches nests that are 20 feet above ground, ensuring that you can stay a safe distance away while applying it. This product can be used both indoors

(attics and other places where nests are built and where food or feed are not exposed) and outdoors on their nests.

TIPS & TECHNIQUES

HOUSEFLY DETERRENT

Hang small plastic bags filled with water outside to deter flies. Houseflies are nervous creatures and the reflections coming off the water in the plastic bags simply make them uncomfortable staying put in one place.

ANOTHER CARPET STAIN REMOVAL TIP

Spray a mixture of 1/4 vinegar to 3/4 water to the area. Lay a damp terry cloth towel over it. Iron over the towel with an iron on its steam setting. This technique can potentially remove months old stains so give it a try!

FABRIC SOFTENER SHEETS

- Fabric softener sheets are designed to reduce or eliminate static cling. Try using them on your miniblinds to keep dust from resettling after you've cleaned them.
- Use them to clean bathtub rings and to shine faucets and other chrome fixtures.
- Clean shower doors with a used sheet. The soap residue just dissolves away!
- And if you still have old fashioned CRT TV or monitor, wipe the sheet on the screen to minimize dust cling!

Kwik Seal Easy Caulk

- Kitchen and bath adhesive caulk
- No caulk gun needed!
